Umm...
She usually
makes food
....

What else
does your mom
do when you're
sick ^.^?

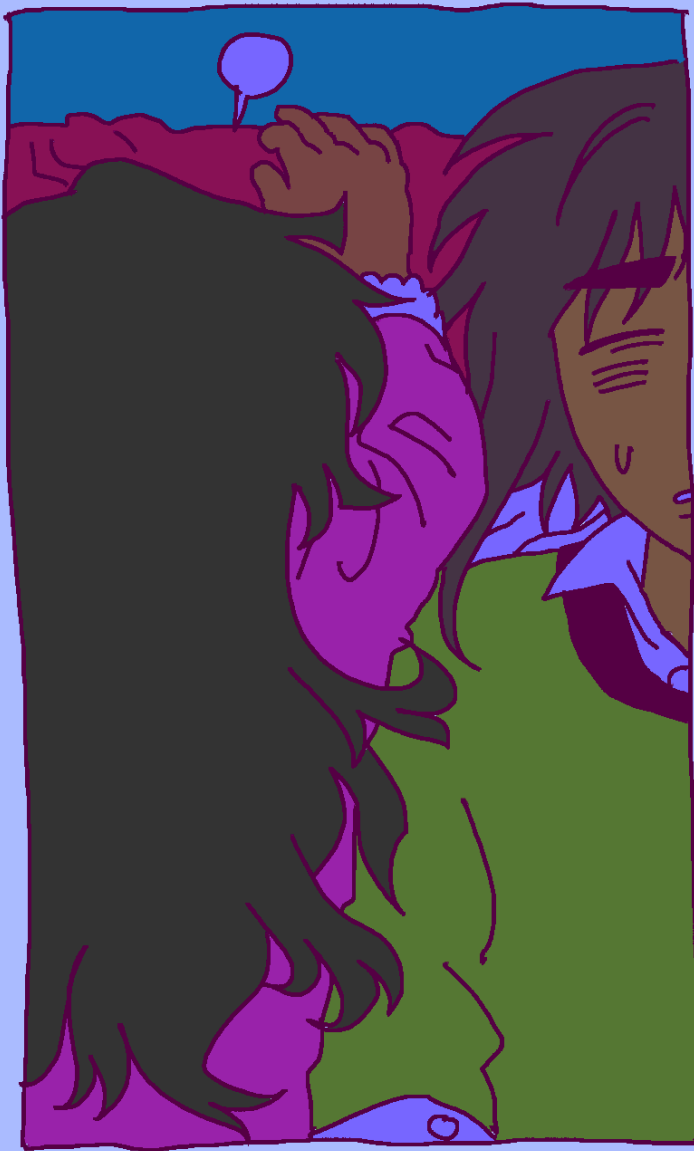

i don't
know... um.
quarantine
me?

So today's
your first sickday
about to be totally
Spent with someone
>_<?

mm...
yeah

to..
empathize?

thank you
for the sentiment,
though i'd rather
you not get drunk
while i'm sick

would you
rather i take
care of you
while you're
sick?

...no

WHY!

dynamic
change ...
odd

but
thats the
fun of it
...

ehkgh..
hkg...

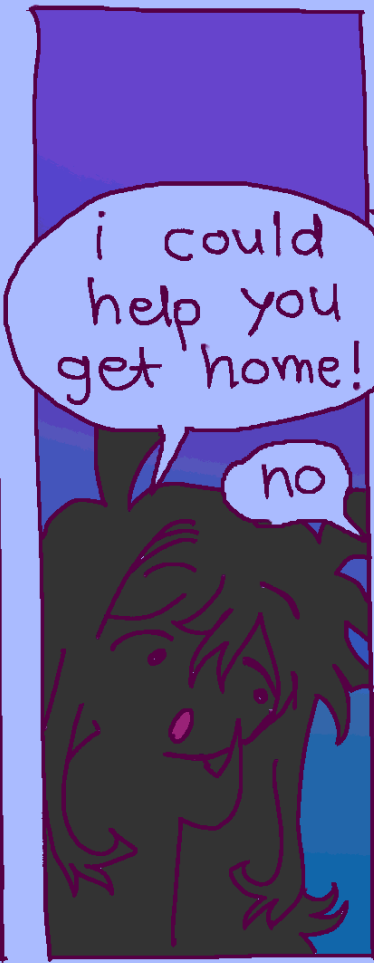

my mom...

... i should go home but ...

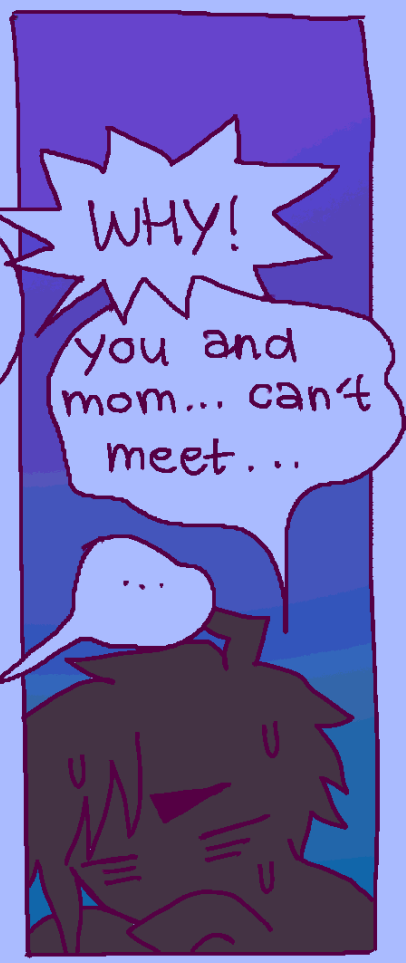

but?

mm..

i could help you get home!

no

WHY!

you and mom... can't meet...

...

So you're staying the night?

... i guess

Whoo.. our first night together in a while!♪

Just 'cause you got a fever somehow!

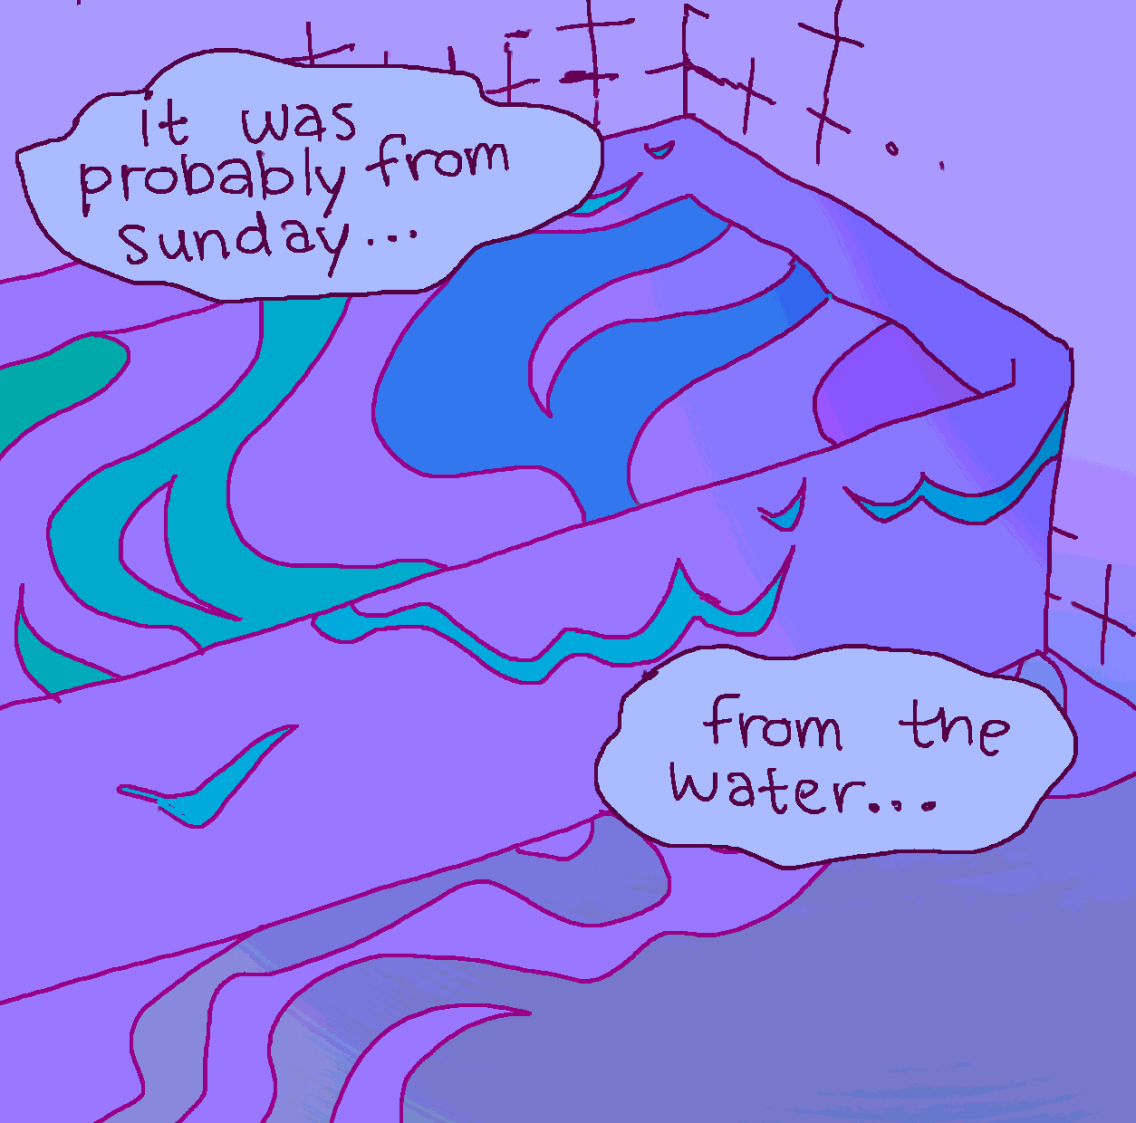

...
it was...
from last
Sunday
...

? what

my
fever...

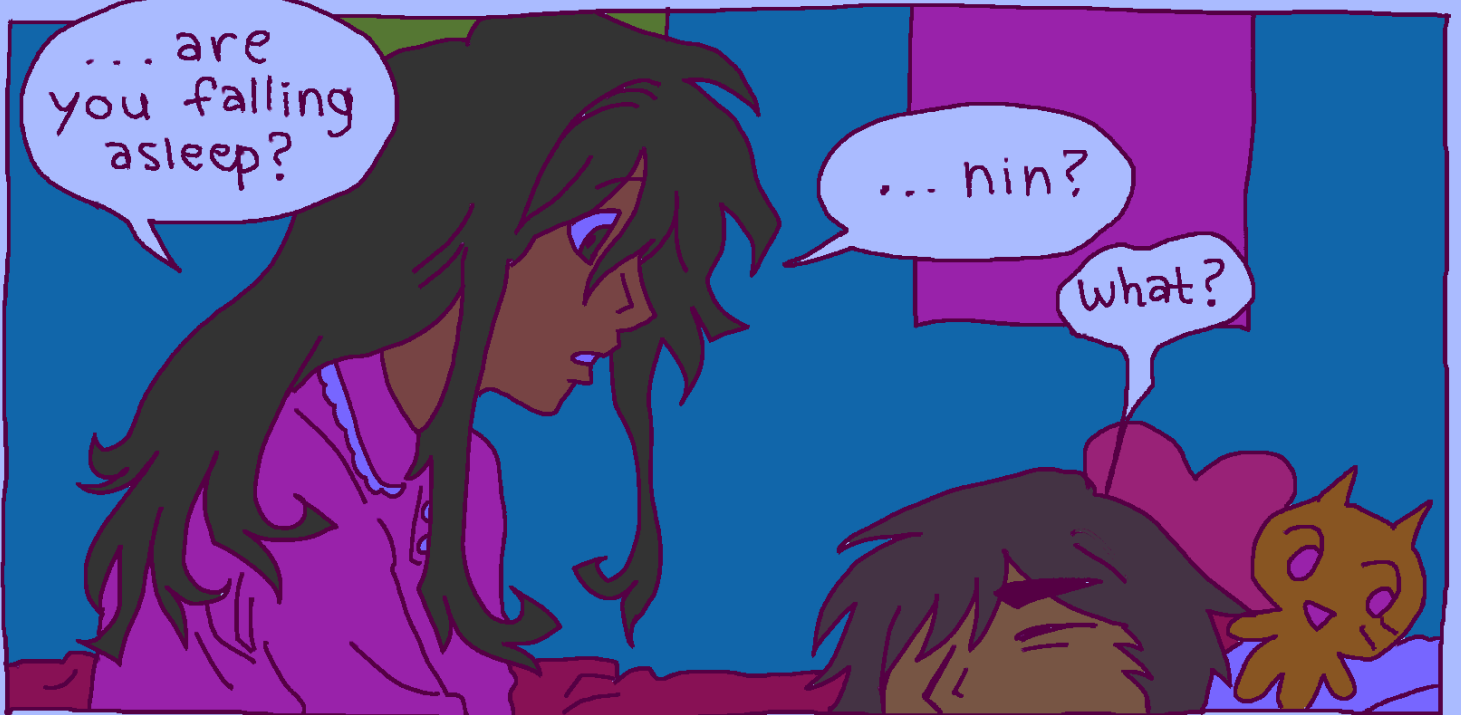

it was
probably from
Sunday...

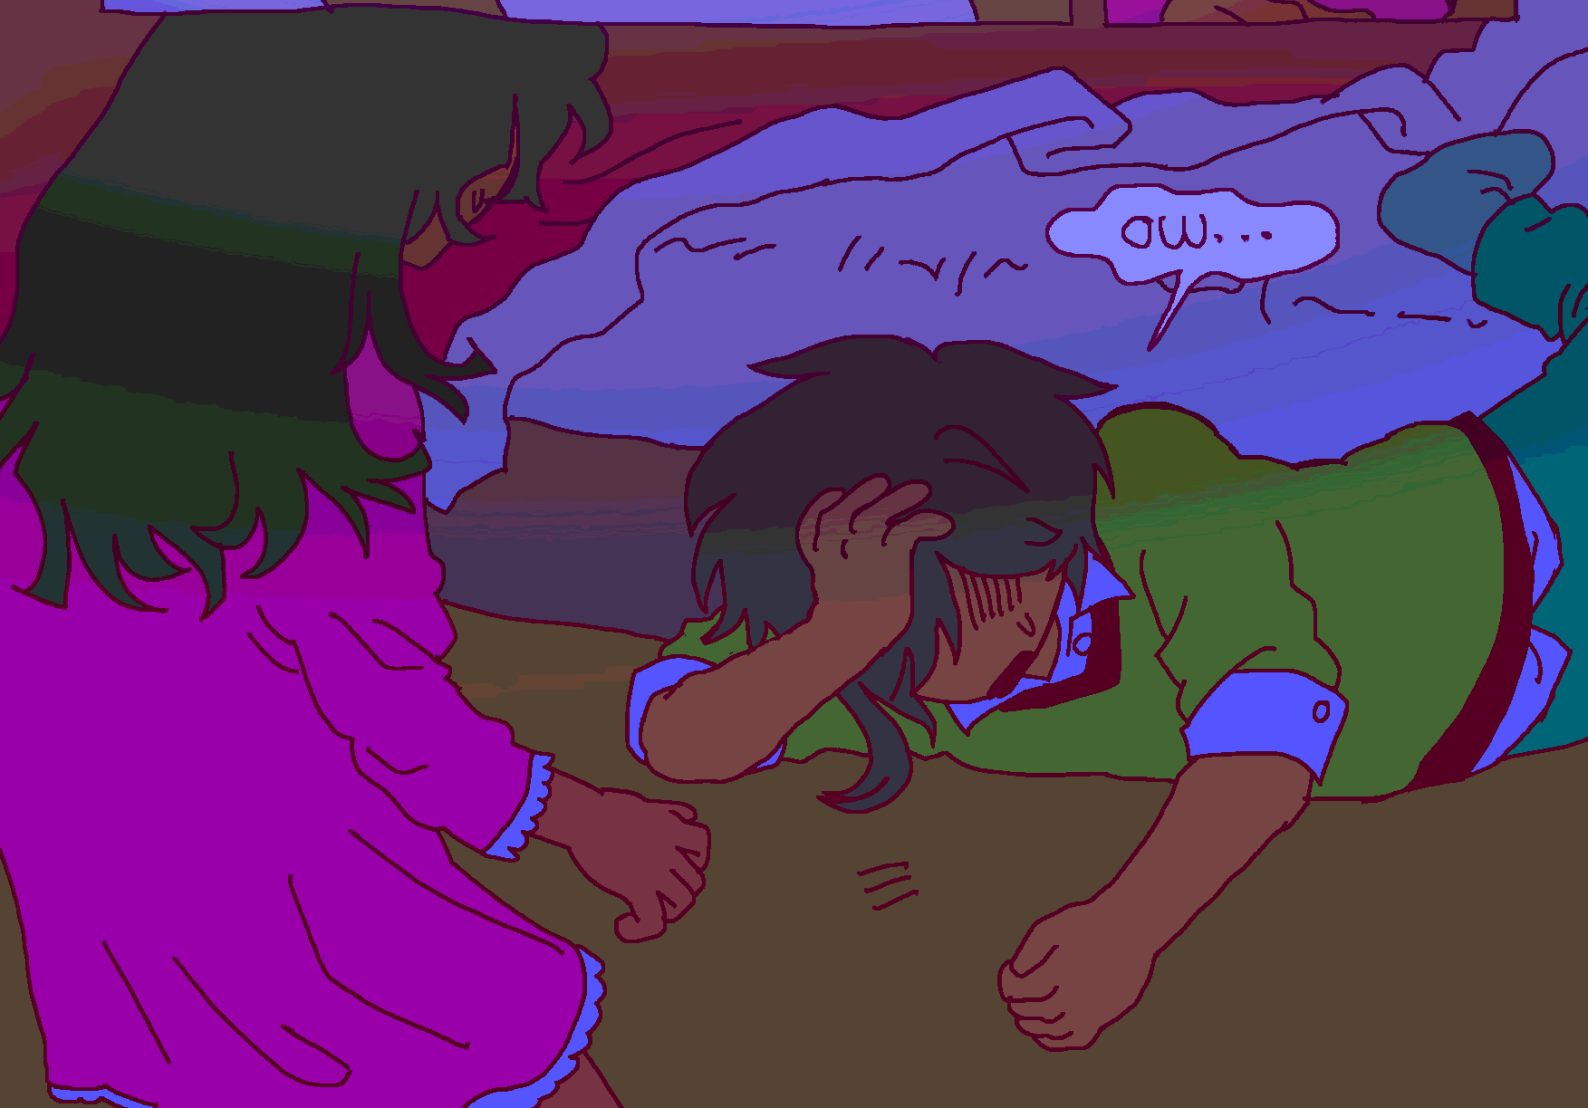

from the
water...

...

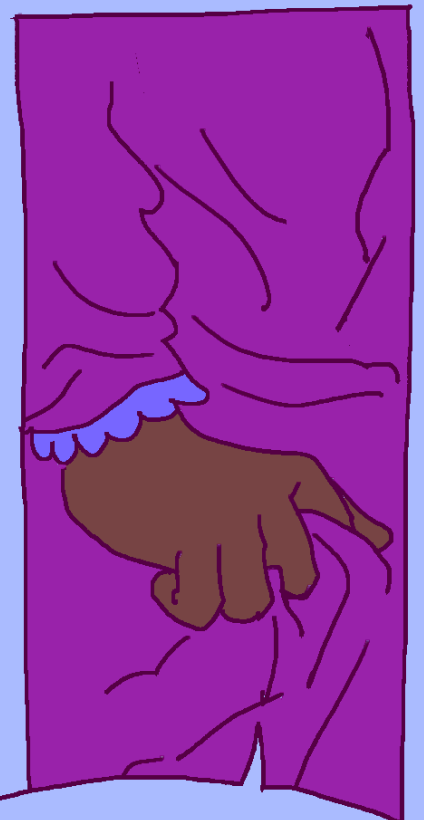

just say
sorry if you
feel ba—

i don't
feel bad

i should go home...

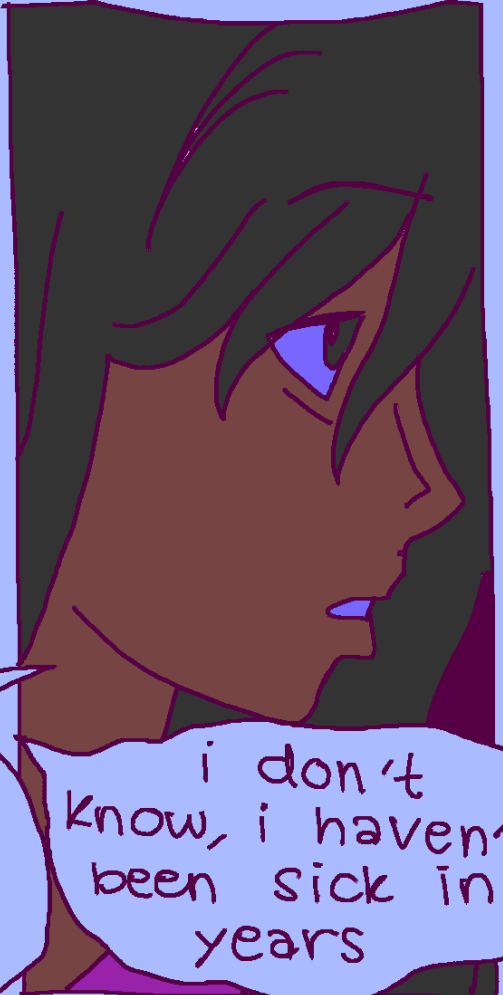

i said i'd keep you company today... while you're sick..

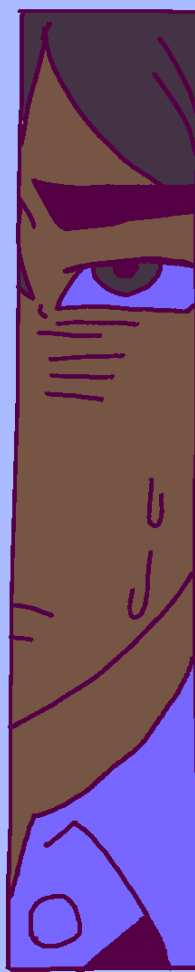

that'd probably just end up being watching me sleep...

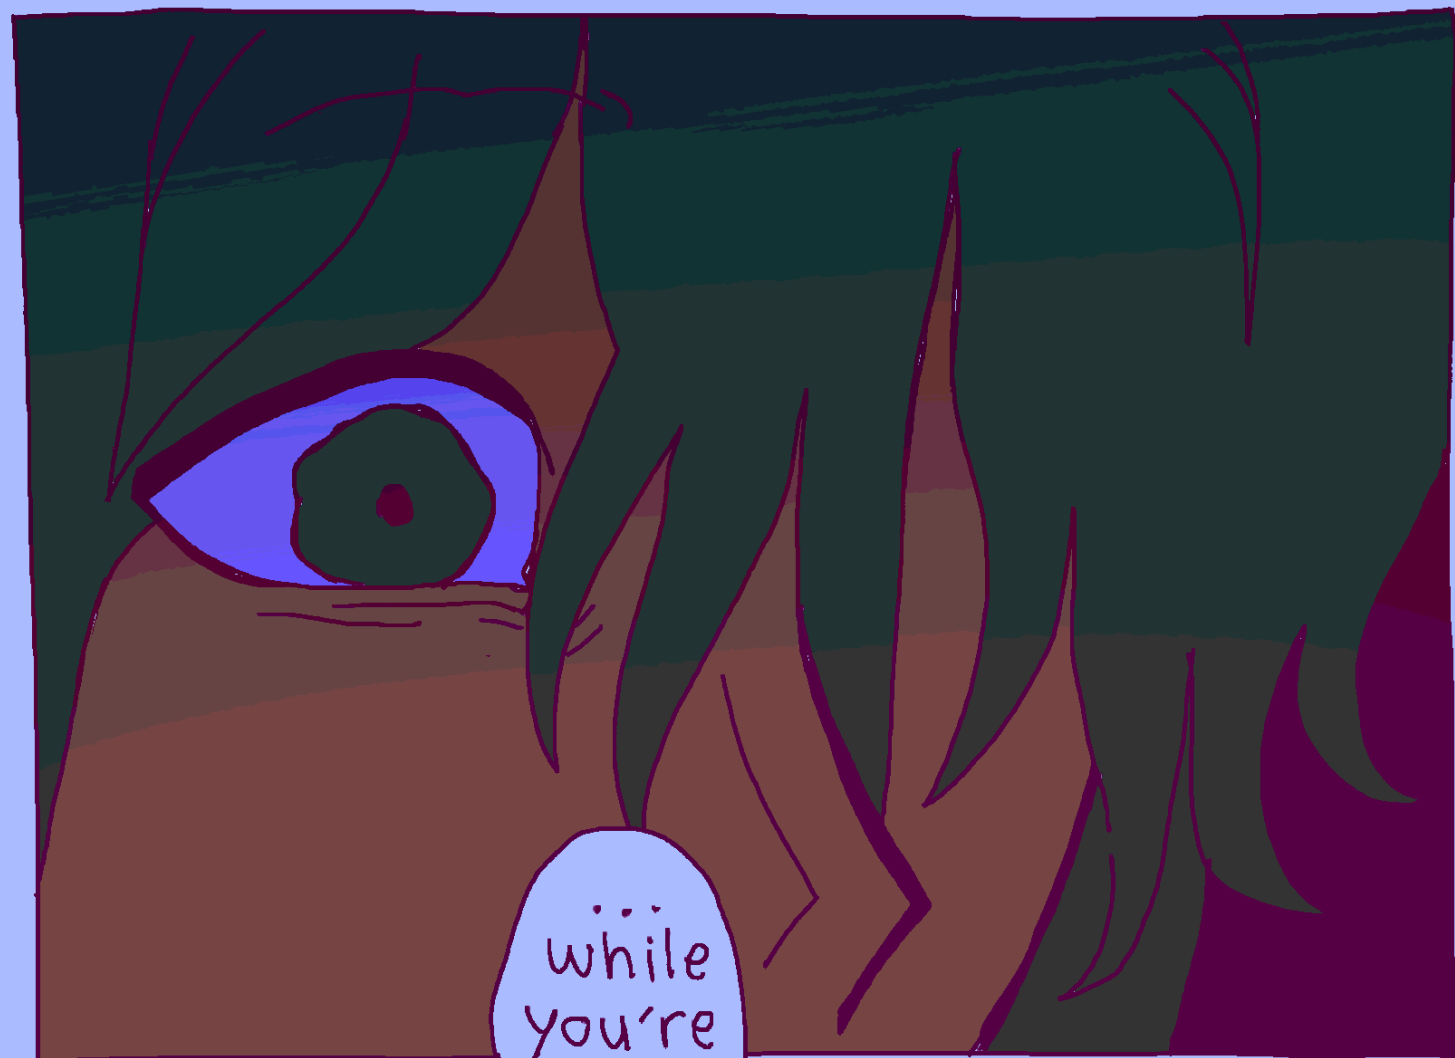

or worse, you getting sick too

won't your mom just quarantine you at home..

i don't know, i haven't been sick in years

...
while
you're
sick

wait

you might get sick too

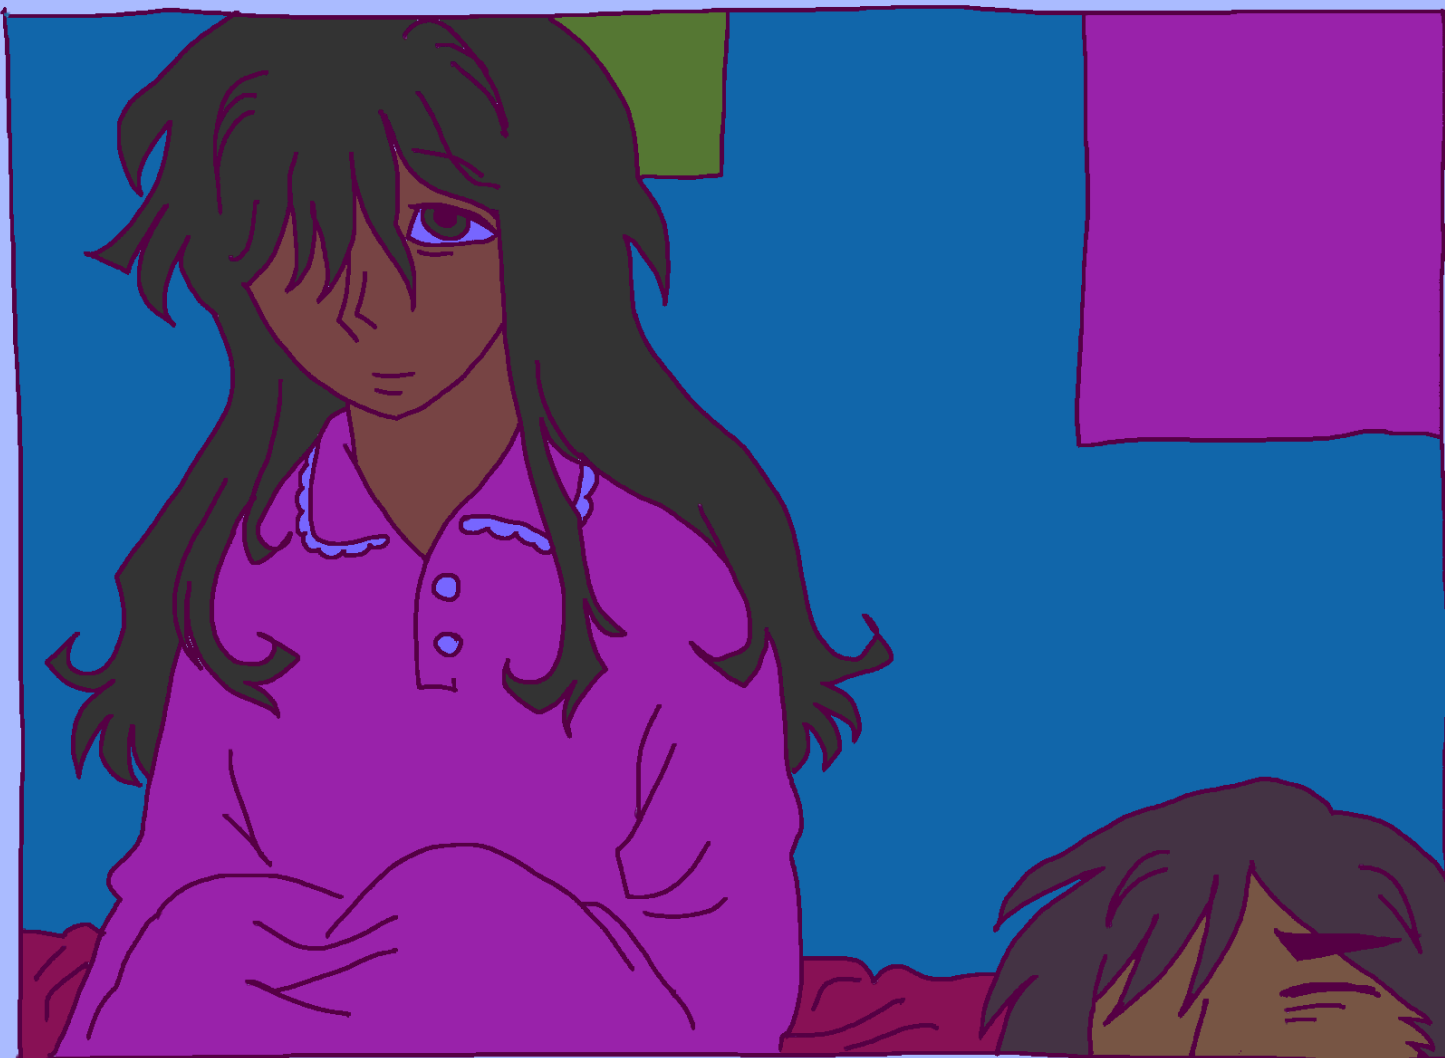

i get sick all the time anyways

then we could just have a sick together night ^_^

i don't know about that...

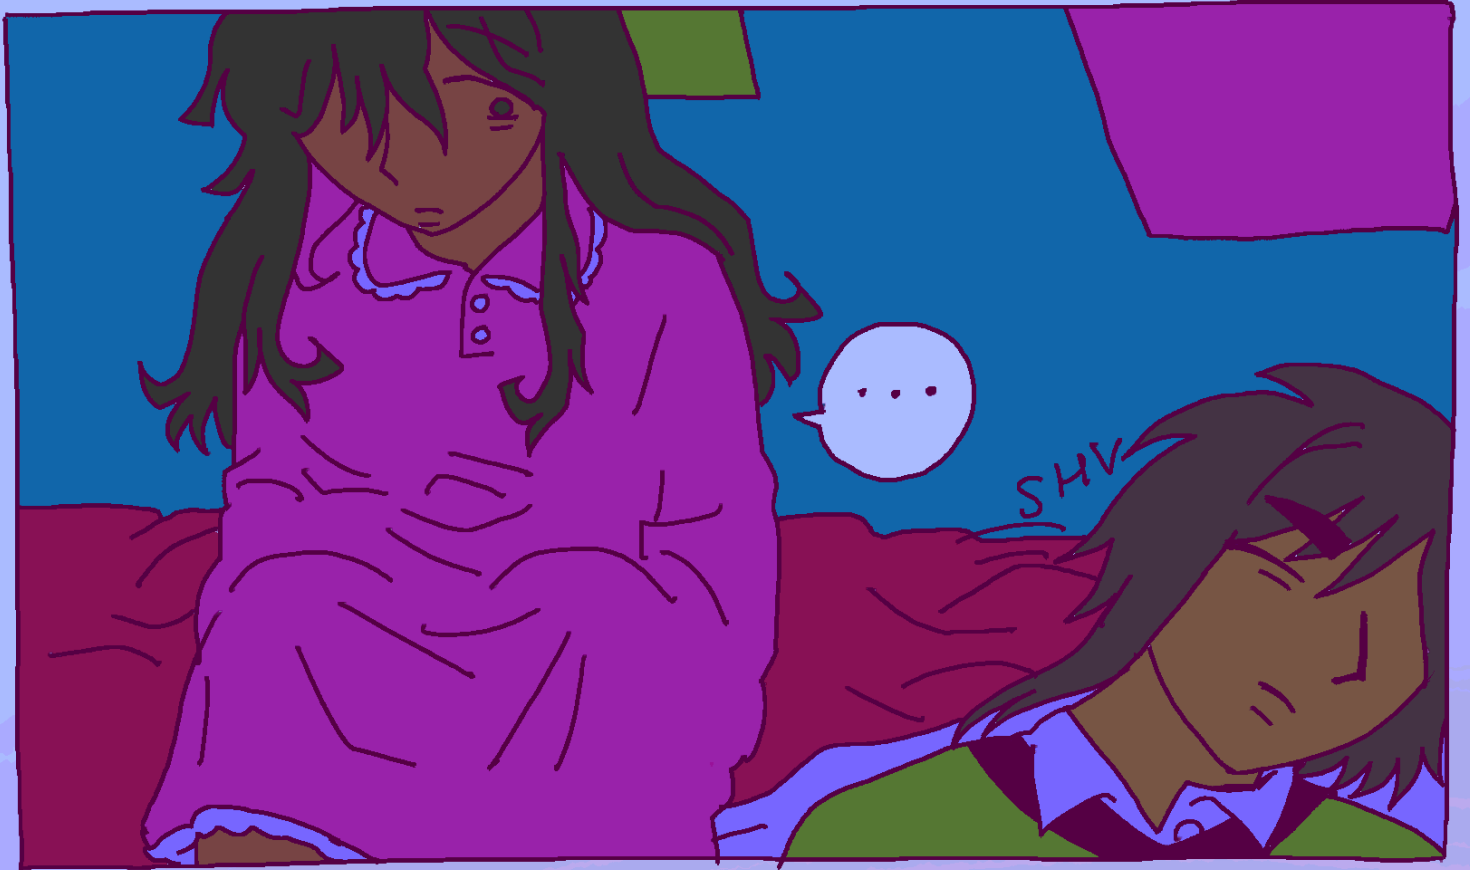

...
thank
you

for..

letting
me here all
the time
....

and
being
around
....
